Abby Stevenson

(857) 654 7583 | stevenson.ab@northeastern.edu | github.com/abby-stevenson | linkedin.com/in/abbyostevenson

Education

Northeastern University, Khoury College of Computer Sciences, Boston, MA *September 2023 – May 2027*
Candidate for a Bachelor of Science in Computer Science GPA: 3.96/4.0
Course Work: Fundamentals of Software Engineering | Object Oriented Design | Algorithms and Data | Database Design | Theory of Computation | Computer Systems | Intro to AI | Machine Learning

Computer Knowledge

Languages: Java | Python | HTML | CSS | SQL | JavaScript | TypeScript | Golang | Tailwind | Racket | Kotlin
Software: Git | Docker | Figma | Postman | Splunk | Datadog | Claude Code
Frameworks: React | Jest | Playwright

Personal and Academic Projects

Cinecircle | TypeScript, React, Node.js, Prisma, PostgreSQL *September – December 2025*
- Developed the Create Post flow for a movie reviewing application, including React Native screens
- Implemented database schema in Prisma and built Node.js API endpoints and backend services to support post creation

3 Stones (Real Estate Mobile App) | Golang, TypeScript, Tailwind, SQL *September – December 2024*
- Collaborated with 7 engineers on a full stack mobile application for Generate Product Development
- Developed Golang endpoints and React Native screens to support portfolio investment features

Stock Portfolio Management System | Java *June 2024*
- Implemented key financial computations, including X-day moving averages, and crossover detection
- Used well-structured design principles such as MVC architecture and design patterns to ensure modularity, scalability, and maintainability

Work Experience

Toast, Boston MA *July – December 2025 + July 2026 – Present*
Software Engineering Coop
- Upgraded UI components and layouts to deliver a smoother, more intuitive user experience.
- Fixed user-reported bugs across the frontend, improving stability and overall user experience
- Wrote automated accessibility tests that identified WCAG violations and contributed to ongoing accessibility compliance
- Collaborated with designers and engineers in biweekly sprint cycles to deliver features and resolve issues
- Engineered a google review inbox for multi-location restaurants to aid with reputation management

Northeastern University, Boston MA *January 2024 – Present*
Husky Ambassador
- Lead a 14-person committee that evaluated and certified tour guides providing feedback to further develop members of a 300+ person organization as Husky Development Committee Co-Chair
- Read applications, conducted interviews, and helped select candidates on Recruitment Committee
- Conducted engaging tours for groups of up to 40 students and parents, showcasing the Boston campus

Extracurricular Involvement

Product Lead, Generate Product Development Studio *August 2026 - Present*
- Lead a team of 5 designers and 7 engineers developing a UGC marketplace mobile and web application
- Prioritized 35+ features, balancing customer needs, technical constraints, and business goals

Volunteer with Northeastern University's Center for Stem Education *September 2023 - Present*
- Assisted with trips for students to Northeastern's campus, engaged groups of 40+ students in activities
